Investment Valuation –

Destra Capital Advisors LLC (the “Adviser”) determines the values of Destra International & Event-Driven Credit Fund’s (the “Fund”) assets in good faith pursuant to the Fund’s valuation policy and consistently applied valuation process, which was developed by the audit committee of the board of trustees (the “Board”) and approved by the Board. Portfolio securities and other assets for which market quotes are readily available are valued at market value. In circumstances where market quotes are not readily available, the Board has adopted methods for determining the fair value of such securities and other assets, and has delegated the responsibility for applying the valuation methods to the Adviser. On a quarterly basis, the Board reviews the valuation determinations made with respect to the Fund’s investments during the preceding quarter and evaluates whether such determinations were made in a manner consistent with the Fund’s valuation process.

Fair Value Measurements –

U.S. generally accepted accounting principles defines fair value, establishes a three-tier framework for measuring fair value based on a hierarchy of inputs, and expands disclosure about fair value measurements. It also provides guidance on determining when there has been a significant decrease in the volume and level of activity for an asset or liability, when a transaction is not orderly and how that information must be incorporated into a fair value measurement. The hierarchy distinguishes between market data obtained from independent sources (observable inputs) and the Fund’s own market assumptions (unobservable inputs).

These inputs are used in determining the fair value of the Fund’s investments. These inputs are summarized in the three broad levels listed below:

- Level 1 – unadjusted quoted prices in active markets for identical assets and liabilities that the Fund has the ability to access.
- Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc. and quoted prices for identical or similar assets in markets that are not active).
- Level 3 – significant unobservable inputs (including the Fund’s own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following is a summary of the valuation inputs, representing 100% of the Fund's investments, used to value the Fund's assets and liabilities as of December 31, 2019:

(1) Unobservable inputs for discount rates and EBITDA valuation multiples were weighted equally using the high and low ranges of inputs.

For private company equity interests, various factors may be considered in determining fair value, including but not limited to multiples of earnings before interest, taxes, depreciation and amortization ("EBITDA"), cash flows, net income, revenues or, in limited instances, book value or liquidation value. All of these factors may be subject to adjustments based upon the particular circumstances of a private company or the Fund's actual investment position. For example, adjustments to EBITDA may take into account compensation to previous owners or an acquisition, recapitalization, restructuring or other related items.

ITEM 2. CONTROLS AND PROCEDURES.

(a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d)) that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 3. EXHIBITS.

Certifications pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act of 2002, for the Principal Executive Officer and Principal Financial Officer, are attached hereto.

CERTIFICATION PURSUANT TO RULE 30A-2(A) UNDER THE 1940 ACT AND
SECTION 302 OF THE SARBANES-OXLEY ACT

I, Robert A. Watson, certify that:

1. I have reviewed this report on Form N-Q of Destra International & Event-Driven Credit Fund;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the schedule of investments included in this report fairly present in all material respects the investments of the registrant as of the end of the fiscal quarter for which the report is filed;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) and internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of a date within 90 days prior to the filing date of this report, based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize, and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
